DETAILED ACTION

1. An after final amendment was filed dated Dec. 16, 2009.
Claims 1-52 have been canceled.
Claims 53-68 have been presented.

2. *Reason for Allowance*

The following is an examiner's statement of reasons for allowance:

The newly presented claims 53-68 have obviated the 112 first paragraph new matter issues because the claims find description on the pages and the specification compound as recited by applicants and the structural delineation of the compounds by CAS is attached (see CA 141:332062 and the compounds are at least two substituents which are not hydrogen). The 102(e) rejection over US 7,138,407, 7,144,884 in combination with 7,148,238 under anticipation by a small genus is dropped in view of that a restriction was made between the piperazine and the piperidine core (SN 10/448,280) showing that they are not analogous art. Therefore, the combination of the '407, '238 (Y=C/CH) and '884 (Y=N) as analogous genus is improper (see CA 138:304306 piperidine compounds with single substitution only). The 103(a) rejection is dropped in view of applicants' statement supported by Danish law that the instant application and the issued '407, '238 or '884 are commonly owned at the time it was made, thus, are 103(c) references. The rejection under the judicially created doctrine of obviousness type double patenting is dropped in view of the acceptable terminal disclaimer made of record. Claims 53-68 are allowed

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Celia Chang, Ph. D. whose telephone number is 571-272-0679. The examiner can normally be reached on Monday through Thursday from 8:30 am to 5:00 pm.
